

# InSpire: Geared for Growth

InSpire delivers the power of Oracle E-Business Suite to your business in a rapid, efficient and complete Hosted and Managed solution; allowing your business to focus on driving benefit from your investment in Oracle and achieving rapid ROI.

## With InSpire, your Business can:

- **Deploy World-Class Oracle E-Business Suite in just 12 weeks**
- **Reap time and efficiency gains with integrated software and a single source of consolidated data**
- **Adopt proven, world leading business processes**
- **Gear for Growth with business visibility, agility and unlimited scalability**

InSpire brings together the power of Oracle software and the extensive knowledge, skills and services from the UK's leading Oracle Platinum Partner into a rapid, fully Managed and Hosted solution for your business:

### World-Class Oracle Software

Oracle E-Business Suite is a world-leading set of software modules enabling your business to adopt the software you need to drive your business forward.

### Rapid Implementation

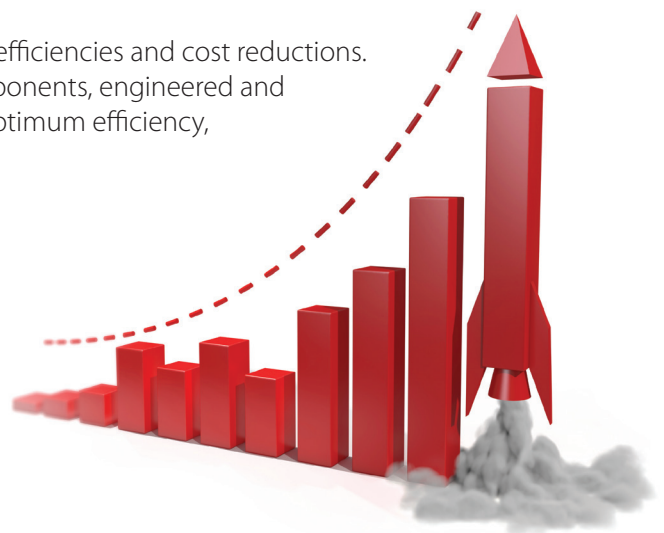

Inoapps are Europe's leading Oracle Business Accelerators Partner, enabling us to deliver pre-configured and predictable world leading-business processes in a rapid, low risk implementation.

### Oracle On Oracle

Individually, each Oracle product can provide significant bottom-line efficiencies and cost reductions. InSpire delivers Oracle E-Business Suite using end-to-end Oracle components, engineered and optimised to work together from the Hardware to the Application. Optimum efficiency, optimum performance = optimum results.

### Optimised Hosting and Management

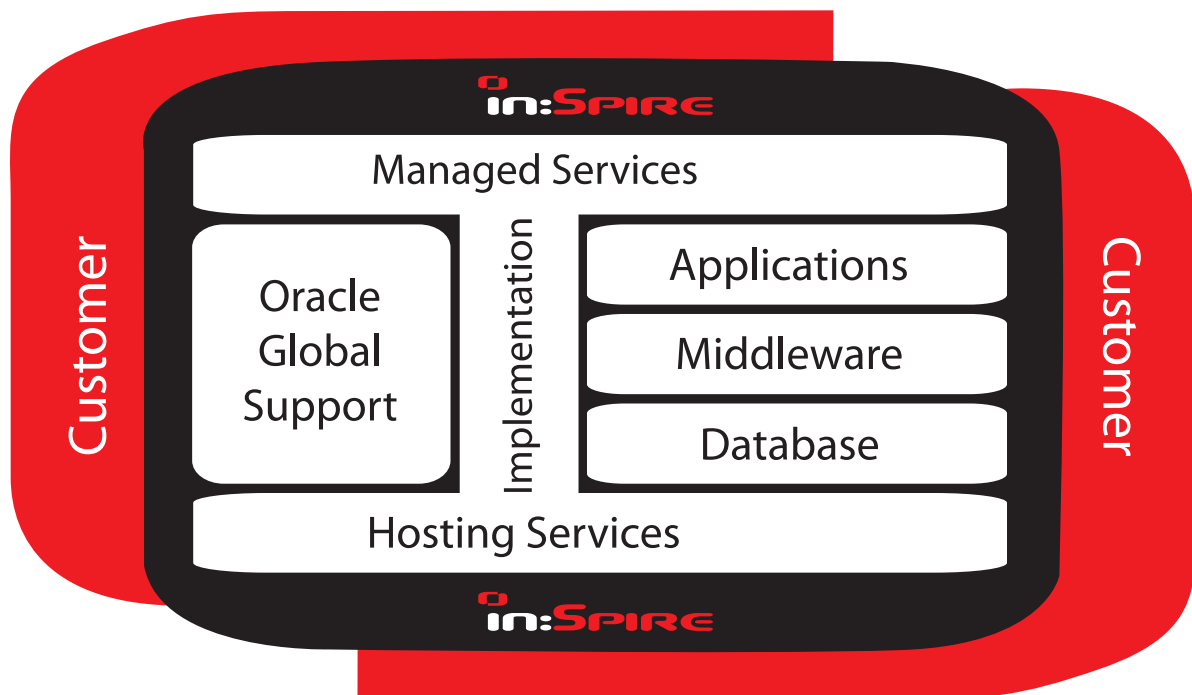

InSpire is delivered in a secured and highly resilient ISO accredited Hosting environment. Managed Services provide 24 x 7 management of your Oracle Solution with a 15 minute response time.

# Geared for Growth

InSpire helps businesses plan their route to growth with better insight, agility, flexibility and enhanced customer experience with the rapid and predictable deployment of Oracle E-Business Suite. InSpire provides a fully Hosted and Managed Oracle E-Business Suite configuration for your business based upon World-Class business processes, providing an ideal business platform for your strategic business growth. Deployed in a fully scalable model, InSpire is an ideal platform for now and in the future.

**World-Class Software that's rapid to deploy, fully managed and can scale with your business; InSpired Thinking!**
