

ORACLE EMPLOYEE CARE PACKAGE

Inoapps is proud to be one of only a handful of partners selected by Oracle to implement the new **Oracle Employee Care Package**.

As part of this initiative, and our commitment to help organizations adjust to 'the new normal', Inoapps is offering a FREE 1 day assessment to help you define the benefits to your organization and tailor the scope and timeline to support your needs.

Oracle's Employee Care Package is designed to keep employees safe and informed as people return to the workplace, following Covid-19. It is comprised of 5 modules:

HR Help Desk

- Enforce policies and procedures with AI-enabled Covid-19 knowledge base
- Measure response rates and slice and dice case management data by channel, product, category, and queues
- Route Covid-19 cases automatically to relevant compliance, HR and safety teams
- Typical implementation time: 4 – 6 weeks

Workforce Health & Safety (FREE for one year) and Onboarding

- Record, track, and report on Covid-19 incidents
- Track specific Covid-19 incident data such as risk of exposure, locations/sites visited, symptoms and test results
- Automatically trigger business processes in Core HR, Learning Cloud, Absence Management, and Time & Labor
- Typical implementation time: 4 – 6 weeks

Digital Assistant

- Enable your workforce to quickly obtain answers by providing automated support and guidance
- Automate and integrate support of Covid-19 related business processes
- Assist in the creation of FAQs digital assistant content based on company policy documents
- Typical implementation time: 4 – 6 weeks

Learning

- Establish Covid-19 related courses with topics based on industry, occupations, etc.
- Deliver pre/post course scored assessments to ensure company standards are met
- Gain quick insights on real-time key metrics through visual dashboards with drilldown capabilities
- Typical implementation time: 4 – 6 weeks

Work Life Solutions

- Establish wellness goals and fitness competitions integrated with wearable fitness devices
- Create charitable initiatives, quality challenges, idea competitions, and sales contests
- Enable employees to build their own professional brand and reputation through volunteering, membership, and learning
- Typical implementation time: 4 weeks

Quickly identify the benefits, scope and solutions that fit you organization.
Arrange your FREE assessment today from an award winning, global Oracle Partner.
